AT THE RANCH – BREWSTER, NEBRASKA

# WELCOME CATTLEMEN

## *the* **Cattlemen's** BREWSTER NEBRASKA **CUT**

Welcome to the 2024 offering from the Cattlemen's Cut Bull Sale! First, we want to thank you for your interest in our sale. This marks our tenth annual sale, and our fourth year of living here in the Sandhills. Time has gone way too fast and as we reflect back on all the years we are overwhelmed with gratitude for the support and trust in our program. As we look back to where we started, to where we are now, we're

almost brought to tears thinking about all the people we've met, the bulls we've raised, and the cows that make our program go. It hasn't come without its share of challenges along the way, but the hope and the dream of passing it all on to the next generation has us so excited for what's to come.

Last May we welcomed our first child, a baby girl named Lainey James. Her name reflects the middle names of our fathers and she has been the absolute light of our lives. We have the opportunity to raise her in the most beautiful place we've ever seen, surrounded by so many of you who have taken us in and called us friends. Her presence has made time stand still and we are so thankful for the journey of parenthood - the beef industry is just one thing we look forward to continuing to share with her.

Making sure we are breeding sound cows to working genetics that will continue to improve our herd, and thrive in the environment is something we're focused on. We want longevity in our herd and we believe the future starts with the female. For this reason we practice strict culling, and performance standards with all our momma cows. From fertility, udders, and docility, we factor it all in to ensure the cows stability in our herd and in yours. We utilize both ET and AI to bring a large offering of both half and full brothers to the sale each year. We love a consistent and balanced cow, that raises a great calf each year, with little intervention. The cows are the building blocks to our herd, and we refuse to chase fads; we continue to rely heavily on the cows that perform, and calves that do the same, with vigor to get them from pasture to rail with minimal inputs. Our main goal is providing animals to your herd and our own that you can trust and rely on - ones that'll pave the way for the next generation.

Our offering again consists of four main sire groups that we have watched and developed closely. We believe in breeding for balanced EPD's, natural muscle, good feet, and sound structure, having faith in knowing the cumulation of these things leads to longevity, and stability. With a high roughage ration, and large amounts of exercise, these bulls are truly bred on, and not fed on, and ready to go to work.

Thank you for your consideration in our offering this year, and for viewing this catalog. Please join us on sale day, February 22nd, for lunch starting at 12p, and the live auction at 1p. The auction will be broadcast on DV Auction the day of the sale, and all cattle are available for viewing anytime prior to the sale. We look forward to talking with you, and seeing you at our home!

*Jason, Katie and Lainey Jagels*

A black and white cow is grazing in a field of white flowers. The cow is in the background, and the flowers are in the foreground. The text "celebrating 10 years!" is overlaid on the image.

2.5% DISCOUNT ON 2-5 BULLS  
5% DISCOUNT ON 5 OR MORE BULLS

### DELIVERY

The Cattlemen's Cut offers free delivery to Nebraska and adjoining states. After the sale, bulls will be freeze branded, semen tested, and delivery will start March 1.

### LIABILITY

The Cattlemens Cut does not assume any liability in case of accident or loss of property.

### ANNOUNCEMENTS

If there is any inconsistency in the terms of any sales materials, including sale books, supplement sheets or day-of-sale announcements, (i) the day-of sale announcement will control over both the supplement sheet and the sale book, and (ii) the supplement sheet will control over the sale book.

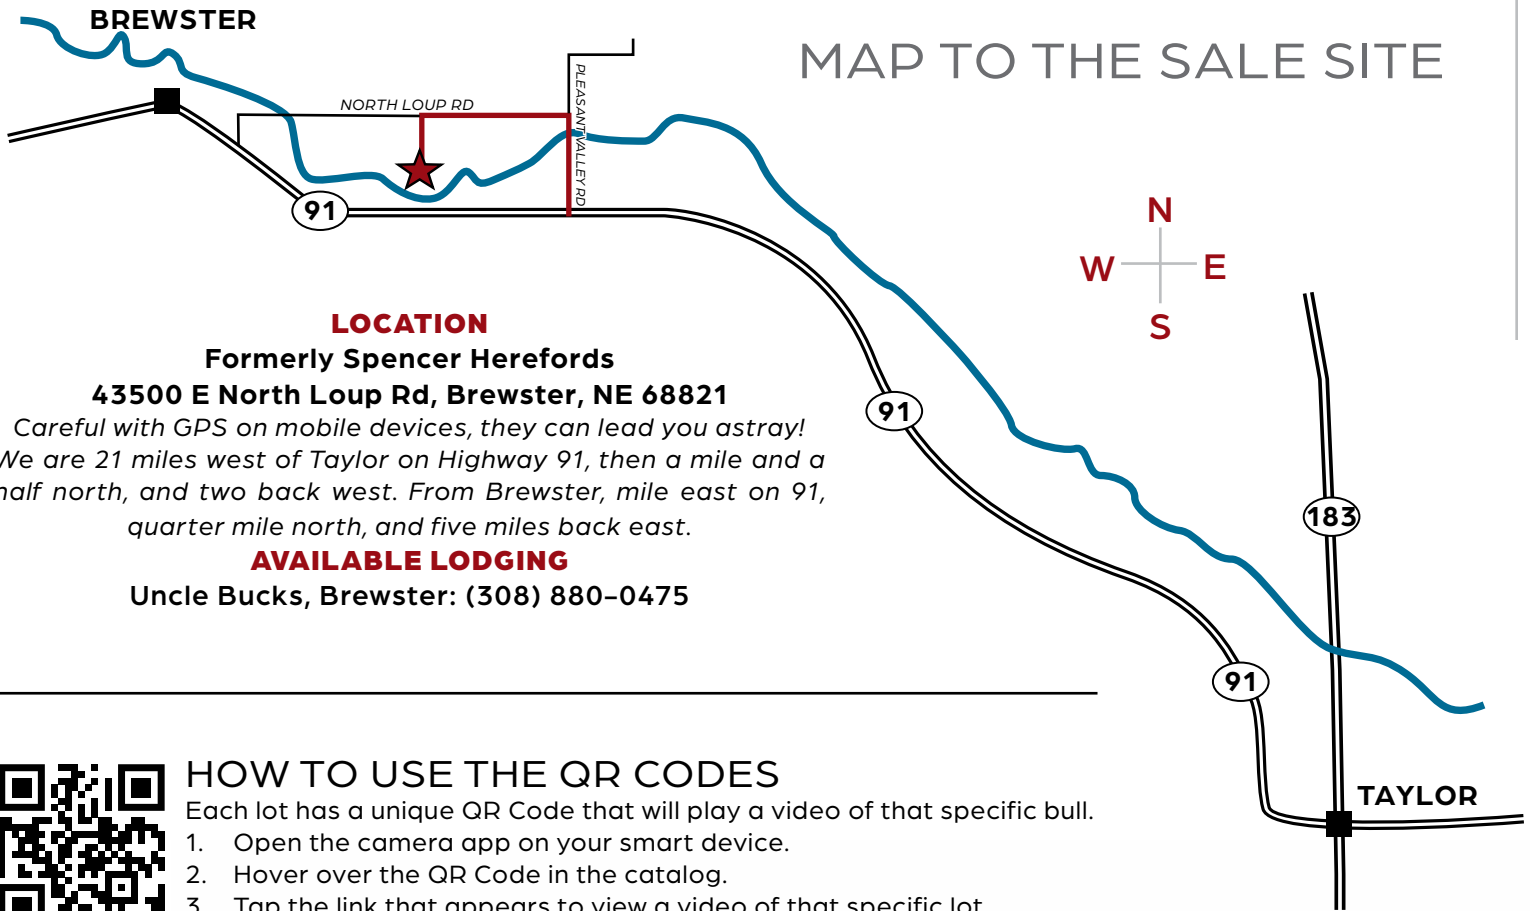

### HERD HEALTH

CALVING – Inforce 3, Multimin 90, Calf Guard  
EARLY PROCESSING (about 3 months)  
Pyramid 5 + Presponse SQ, Ultrabac 7. Clostridium  
WEANING (about 7 months)  
Pyramid 5, Ultrabac 7, Cydectin, Safeguard  
YEARLING (about 1 year) – Virashield 6 VL5, Vision 7, Cydectin Pour on, Safe Guard Dewormer, Multimin 90

### THE CATTLEMENS CUT GUARANTEE

All bulls sell backed by The Cattlemens Cut Guarantee. They are guaranteed throughout the first breeding season or 90 days post turn out against injury or death. The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that animals are properly cared for until delivered to the purchaser. Purchase price minus \$1,750 salvage value will be given with a replacement animal of equal value to the animal in question or credit will be issued at the next annual sale. A veterinarian must diagnose all injured bulls.

## MAP TO THE SALE SITE

### LOCATION

Formerly Spencer Herefords

43500 E North Loup Rd, Brewster, NE 68821

Careful with GPS on mobile devices, they can lead you astray!  
 We are 21 miles west of Taylor on Highway 91, then a mile and a half north, and two back west. From Brewster, mile east on 91, quarter mile north, and five miles back east.

### AVAILABLE LODGING

Uncle Bucks, Brewster: (308) 880-0475

### HOW TO USE THE QR CODES

Each lot has a unique QR Code that will play a video of that specific bull.

1. Open the camera app on your smart device.
2. Hover over the QR Code in the catalog.
3. Tap the link that appears to view a video of that specific lot.

*Please note that videos will not be available until two weeks prior to the sale.*

**DVAuction**  
*Broadcasting Real-Time Auctions*

### WATCH AND BID LIVE

The sale will be broadcast live on DV Auction. Please sign up to bid 24 hours before the sale!

- **Recommended for cows.** Out of the dam of Bear Mountain Justify, a stout featured heavy muscled bull.

*special thanks to* **TY BASS**

No one gets to the finish line alone, and we wouldn't get here without the help of our friend, Ty Bass. Not only does he help us out with the bull sale preparation, but also late night calving, and just about anything you can imagine around the ranch. He always answers our calls for help, and goes above and beyond. He works extremely hard at his own operation and somehow uses the remainder of his time and energy helping us. We're forever thankful and don't know what we would do without his help and his friendship – Thanks, Ty!

- **Dam's Calving Interval:** 407 days
- **Recommended for cows.** Youngest bull in the sale but in no way short on quality. It would be hard to fault the muscle pattern and dimension in this calf.

# flush brothers LOTS 37-41

We decided to use Overdrive because of the cow power we believed he would add. This flush is out of one of our oldest donors that is absolutely tried and true doing it the right way. These brothers will add longevity and fertility without sacrificing phenotype.

**PICK OF THE**  
**2023**  
**HEIFERS**

Building our cow herd with females that are made to work in the Sandhills like a commercial rancher is something we take very seriously. We have decided to offer the choice of our replacement heifers this year, this includes all the AI and ET mates to the bull crop. These heifers have not been treated any differently than if we were keeping them ourselves, running out and in breeding shape. They can be viewed anytime and data will be available. We feel this is a unique opportunity to step into the heart of what we believe in and acquire a cornerstone female.
